

Roofer

Who we are:

Curtis Construction Co., Inc. is a well-established commercial roofing company servicing customers from the Triangle to the Coast of North Carolina for over 60 years and is one of the largest and most respected commercial and industrial roofing contractors in the area. We need you to help us grow and continue our legacy of long-standing relationships.

What we are looking for:

We are looking for a self-starter who enjoys troubleshooting and problem-solving. Prior roofing experience is required.

Job responsibilities include, but are not limited to:

- Perform roof pre-inspections
- Measure and cut project materials
- Load roofing materials to roof area
- Demolition and tear off existing roofing systems for replacement
- Installation experience of EPDM/TPO/PVC/Modified/Liquid Applied Coating roofing systems
- Utilization of hand and power tools
- Utilization of roofing equipment (welders, heat guns, generators, roof cutter, etc.)
- Installation of wood blocking, tapered insulation and crickets, and drains
- Installation of sheet metal flashings
- Operate forklift/aerial lift
- Complete site set up and clean up

Skills and Qualifications:

- Understanding of project planning and preparation
- Knowledge of EPDM/TPO/PVC/Modified/Liquid Applied Coating roofing systems
- Dedication to construction safety
- Ability to establish and keep positive working relationships with peers, customers, and other contractors
- Ability to lift up to 75 pounds of heavy materials and tools
- Ability to work outside year-round with extensive bending, kneeling, and walking.
- Willingness to work cooperatively with a team to get the job done
- Reliability

Requirements:

- 21 years old
- North Carolina Drivers License - 5-year minimum with a clean driving record
- Ability to work at heights over 6 feet
- Assist/Train/Teach complex work assignments
